

TOMIE ONE STREET SHOWS STRENGTH

War Stocks Feature of Dealings in Which New High Records Are Marked.

By Broadman Wall.

NEW YORK, July 23.—Although price fluctuations were irregular in the stock market today, conservative interests said the market displayed a steady undertone considering that the note to Germany was in the course of transmission and the heavy selling by professionals. War stocks were the feature of dealings, several new high records being recorded, chief among them being Baldwin Locomotive.

At the opening there was strength, activity being confined almost entirely, however, to the industrial. The railroads showed little life, declines in these issues during the first 15 minutes of trading ranging from 1-2 to nearly a point. During the early trading several new leaders appeared in the industrial group among them being General Electric and New York Air Brake.

The encountering of profit-taking orders in the second hour resulted in reactions and declines of from one-half to more than a point. Shortly after 1 o'clock war stocks led by the Baldwin Locomotive (which rose to the new high record of 76-7-8) displayed renewed vigor, but this was only short lived, for before the beginning of the last hour a heavy tone developed to professional selling, which resulted in a general reaction that continued until the last 15 minutes of business, when there was a slight fractional recovery from the low.

Railroad shares failed to show any signs of strength, notwithstanding that the Baltimore and Ohio earnings for June showed an increase in net of \$1,716,944 and \$3,129,668 for the year ended June 30. Baltimore and Ohio stock however, made a good showing, there being at one time a gain of more than three points. In explaining the heaviness of the railroads, investment bankers say that securities are in competition with the investment issues of consols and English consols. On a basis of from 4 to 4-1/2 per cent these great issues, they say, will be preferred by the English, particularly at a time when American railroad earnings are being sustained mainly by economies.

The decision of the interstate commerce commission granting higher rates for the express companies, created a favorable impression and had a good effect on the shares of the express companies, American Express stock advancing six points and Adams Express three points Friday.

The Canadian government notes are going very well. Investment bankers said today that subscriptions indicate that they will be liberally oversubscribed. The yield on the notes is attractive and well above that of recent issues of securities in New York and Canadian provinces and municipalities. H. V. Meredith, president of the Bank of Montreal, which acted as fiscal agent for the dominion in placing the loan said the establishment of a large fund of money in the United States would correct the exchange situation as between Canada and New York and also have the effect of improving the borrowing exchange situation as it applied between London and New York.

Mr. Meredith also added that Canada obtained its money in New York cheaper than it could have in London where the penalizing rate of exchange in transferring funds from the other side to this was considered.

FIRE REPORTS UNTRUE.
WASHINGTON, July 22.—Admiral Usher, commander of the Brooklyn navy yards, Thursday informed Sec'y of the Navy Daniels that there was no foundation for the report that fire was discovered on either the battleship New York or the destroyer Warrington at the yard.

New York Stock Exchange Investment Opportunities. Present prices and a year comparison in the current issue of THE ODD LOT REVIEW. Send for sample copies. John Muir & Co., 6 Broadway, New York City.

Soap is Bad For the Hair
Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins the scalp.

The best thing for steady use is just ordinary mulled coconut oil (which is pure and greaseless), and is better than soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, and washes out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silken, bright, lustrous, fluffy and easy to manage.

You can get mulled coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

Big Land Opening

ON TUESDAY, AUG. 3, ONLY

A MILLION BOOKS

For NEWS-TIMES
READERS

To Stimulate Interest in the Best Fiction

The great public interest in war news has seriously injured the sale of modern fiction. In order to again revive the interest in copyrighted books regularly sold at \$1.25, \$1.35 and \$1.50, arrangements have been made with a leading American publisher to select one book for each of eight consecutive Sundays, to be PRESENTED only to Sunday News-Times readers for the mere cost of handling and distribution. Only eight different books will be thus given away. All others can be obtained at REGULAR PRICES at any book store.

NEXT SUNDAY'S NEWS-TIMES

Will announce the full detail of the plan—will show how each reader can secure the very latest of the most noted modern fiction—all the best sellers—and will print the single coupon that will make the distribution possible. Get next Sunday's News-Times without fail.
